Information for applicants: Class Teachers/Subject Leads

Regency High School is a special school, which currently has on roll 201 students on roll, with a broad range of special needs, including pupils with moderate learning difficulties (MLD), severe learning difficulties (SLD), profound and multiple learning difficulties (PMLD), autistic spectrum disorder (ASD) and some with complex medical and physical needs. The age range is from 11 years to 19 years of age, and our students are grouped in classes that meet their specific needs.

We are looking to appoint teachers with energy, flair and enthusiasm who are self-motivated, hardworking and willing to play an important role in helping to maintain and develop an ethos and learning environment within which we recognise and celebrate the contribution of every individual, ensuring that the needs of all of our students are met as effectively as possible.

All applicants are expected to meet Teachers' Standards outstandingly well. You will have good interpersonal, communication and literacy skills, and demonstrate the ability to lead or contribute to the development of particular curriculum areas. The successful candidate will have responsibility as a form tutor.

Applications from teachers already working within a special school environment will be welcomed, as will any from colleagues currently working in a mainstream environment who have proven experience of teaching students with a range of additional needs and learning difficulties and disabilities and be able to suitably differentiate the curriculum in order to create appropriate learning opportunities that will stimulate, engage and challenge our students.

A Person Specification and Application Form are available on request or via our website: www.regency.worcs.sch.uk
