ICT room

Present: K and O, A, K, O, K, A and T, J, P, R, J, M and A.

Apologies: I.

Staff: RS, TH, L, E.

Regency High School

	Points Raised:
1	<p>The Queen's Platinum Jubilee</p> <p>TH shared the weeks plan for the Queen's Platinum Jubilee with the council.</p> <p>The week will start on Monday 23rd with a zoom assembly led by TH.</p> <p>There are two themes for the week: The Queen's Green Canopy Project and The Queen's Platinum Jubilee.</p> <p>We have three trees and a plaque signed by Royal British Legion retired soldier. T made the suggestion that the trees were planted at the entrance to school. K agreed and said this would be good as visitors and students would see these when they arrive at school.</p> <p>The council's suggestion of a whole school competition was discussed. It was agreed that entries would be put in a central area (TH to confirm where) on Thursday afternoon. Students would then have opportunity to view these and place one vote in a box for the entry they think should be placed first. Students can make their entry at home or school -or both!</p>

Regency High School

Each student will also decorate a tile which will be used to create a display in school. They will also have a coaster to decorate and they will be able to take this home as a reminder of the Platinum Jubilee.

We discussed eating lunch all together at the same time in the playground. Ideas of food included sandwiches and crisps with cake/ice-cream and jelly to follow. TH will speak with Jenny about this.

TH gave each student a copy of the Platinum Jubilee plans to take back to their class to share.

It was agreed that the Student Council will join in the parade on Friday 27th, following behind the Head Girl and Head Boy.

The Council thanked TH for all her hard work.

2	<p>School Council Rep's lanyard/badge-A</p> <p>A suggested that we have a yellow lanyard with a red shield shape badge with school council on it.</p> <p>We had a vote and all agreed with this suggestion. RS to order these.</p>
3	<p>Development of the playground-RS fed back from the Playground Development Group which met on May 3rd. We looked at photos of suggested equipment and discussed each area. RS said that there was a limit to the amount of adaptations and new equipment, due to the items being expensive. The Council were pleased that their suggestions had been listened to. K will add new information after the next meeting of the Playground Development Group onto the Student Council Board.</p>
AOB	<p>K talked about the toilets and asked if there was a sign that could be added to the boy/girl sign for students who do not identify as male/female. RS spoke with TD, and it was agreed that students should speak with their teacher to agree that they can use the disabled toilets.</p>
